

Montessori Newsletter (August 2020)

To begin, we want to thank the parents who organized the donation campaign for the teachers. It was very thoughtful and generous of all the parents. To go above and beyond the norm was over-whelming, and every teacher appreciates the generosity and caring shown to them.

Starting August, as a precautionary measure, we request parents to have their children wear masks to school, especially when they are playing outside. They do not have to cover their noses as its difficult to breathe. They like to play together, and it is quite a challenge to keep them away from each other. Even in the classrooms when teachers work with them one on one, it is better to have their mouths covered. This way the teachers will feel safer as well. Masks will not be worn at naptime (for those children who nap). MASKS ARE NOT MANDATORY! ONLY A SAFETY MEASURE FOR TEACHERS.

- ❖ **“Fun in the sun” on Friday August 14th.** Please send a bathing suit, towel & slippers for a water play activity. Sunscreen to be applied from home.
- ❖ **August 31st** is Dr. Maria Montessori’s Birthday. The children will be studying about Maria Montessori this month.

DATES TO LOOK FOR.....

Teacher In-Service Day Fri. August 28th School Closed

FALL SESSION BEGINS Mon. Aug. 31, 2020
